Art.Nr.: 646 / GTIN: 4260380576465 / manufacturer: Belgischer Brocken - Schleifstein Deluxe

17,90EUR / Stück

incl. 19% VAT plus 5,90EUR DHL-Shipping

Delivery **Fri 13. Nov - Sat 14. Nov 2026**

Product information

Sharp secateurs can be a real boon to any gardening enthusiast. Here are some of the advantages that sharp secateurs offer:

Clean cuts: sharp secateurs cut plants and shrubs precisely and cleanly. This reduces the risk of infection and disease in the plants as they do not have damaged tissues.

Efficiency: Sharp secateurs make it easier to cut thick branches and twigs, saving time and energy. The gardener can get the job done faster and the result will look more aesthetic.

Less effort: With sharp secateurs, you have to exert less force than with blunt ones. This makes working in your garden less strenuous and also easier for people with limited strength or mobility.

Durability: Sharp secateurs last longer than blunt ones because they require less pressure to cut plants and shrubs. The blade also stays sharp longer, reducing the need for frequent repairs or replacement.

Precision: With sharp secateurs you can cut exactly what you want without damaging other parts of the plant. This encourages plant growth and preserves their natural shape and beauty.

Our natural stone grinder, specially developed for garden shears, has the following advantages.
The handy and compact stone size allows grinding without removing the blade.
Simply use your natural sharpening tool with water.

Important:
After using your sharpening tool, a fine grade remains on the cutting edge. You can sharpen this degree with our sharpening tool (Article 645) in the 2nd step.

Your sharpener comes with a rough leather sheath, brochure, sharpening instructions and certificate of authenticity.
