Product information

Dimensions: diameter 0.67 inch, height 20mm
Grits: 1200/6000

Application:
With the grinding stone you create the unique, natural sharpening paste on your blue bank stone or
the Pyrenean sandstone.
Simply put some water on the bench stone and move the rubbing stone in a circular motion.
The friction creates one from the water, slate and the naturally embedded garnets (spesartines).
sharpening paste.
The sharpening paste remains on the surface of the dense natural stone and is the basis for a simple and efficient
Sharpen your knives and tools.
You can simply rinse off the paste with water after sharpening.

The grinding stone is delivered in a cotton bag with sharpening instructions and a certificate of authenticity.
