Belgian Blue Whetstone

Informazioni sul prodotto

Measurements: 125 x 30 x 14 mm (5" x 1,20")

Due to the layer thicknesses can the indicated mass easily differ.

The blue Belgian benchstone contains approx. 30% of garnets. It is is a little more long-lasting than the yellow bench stone.

Application: Pocket-knives, grafting knives, hunting knives, kitchenknives,
sharpening tools e.t.c

This benchstone is delivered with booklet, sharpening instructions and genuineness certificate.
